

To Judge Tigar, ^{Eliminate USMS Detainer #19CR00643} ^{9/30/22} ^{Case 4:19-cr-00643-JST Document 80 Filed 10/07/22 Page 1 of 3} ^{Ross Farca}
I've incessantly attempted to cause Kenneth Wine to motion ^{BS4586}
on my behalf for dismissal of the 10/16/20 bench warrant, however ^{CC20MG088}
he consistently refused to do it. Subsequently I asked Appellate counsel Paul
Demessier to contact you on my behalf, but he denied, citing BAR ethics. Dismayed
& crestfallen, I'm now compelled by present circumstances to petition you for remedy
directly. Specifically I desire to appear remotely while still in CA custody so that I
avoid extradition to US jurisdiction. USMS #19CR00643 constitutes excessive burden to me!
Grounds: 1) I did NOT willfully & maliciously fail to appear on 10/16/20, rather
I was arrested on 10/15/20 with a no-bail hold, hence I couldn't appear even though
I intended to appear. 2) I informed CCCSO of my situation & asked that they provide
me a Zoom-capable device so that I could appear, which they assured me shall be done
4:30 AM on 10/16/20. However CCCSO failed in this duty since I was never allowed to
appear, despite affording them advance notice. Bottomline: I am a victim of official
negligence because I genuinely desired to appear on 10/16/20. 3) Finally, Government
has NOT demonstrated by preponderance that I conspired to avoid appearing on 10/16/20.
Hence my statement is valid & true. Otherwise I'd have been indicted for violating 18 USC § 1073!
USMS detainer #19CR00643 erroneously penalizes me for CCCSO's negligence &
the buck-passing of appointed counsel, hence violating 18 USC § 3583(d)(2). Extradition
given constitutes cruel & unusual punishment, even worse than sustained custody for
me as result of Autism Dx. Now, since Government never failing to be a nuisance to me,
shall oppose this motion on the basis of perceived dangerousness, I hereby declare that
victims Debbie Kirsch & Det. Mahan wouldn't enter my vicinity, thus negating any
potential dangerousness. Give me 72 hours of civilian existence & I shall gladly surrender
to any goddamned USP USP on the continent, provided I'm spared the trauma of
being a hostage to those wretched nomads known as USMSFATF (Fugitive Apprehension
Task Force). Even if it was an agency other than USMS, I still fear injury via negligent or
malicious loss of personal property acquired in custody, 2) Hurray up & Wait madness & 3)
unpredictability induced emotional distress. ^{Ross Farca}
